Training of ICT for Semester-2

Asif Khan, the expert in Information and Communication Technology (ICT), delivered a transformative training session to Semester-2 students pursuing an Integrated Learning Track (ILT) 10.1.24 till 11.1.24. With a keen focus on fostering innovation, creativity, and skill competency, Khan instilled a dynamic learning environment. Through hands-on exercises and real-world case studies, students were challenged to think critically, problem-solve, and harness their creativity to develop cutting-edge solutions. Asif Khan's expertise not only imparted technical skills but also emphasized the importance of adaptability in the ever-evolving field of ICT. The training session left students inspired, equipped with the tools to navigate the complexities of the digital landscape with confidence and innovation.
