## Mentoring Report

Mentoring is a system that is designed to meet the needs of students on both an academic and personal level. At Grant-in-aid-Government College, a lot of students come from economically weaker backgrounds and rural areas. And with a lack of technological resources and awareness due to financial constraints. Therefore, mentoring is an important element in providing equal service to students from diverse backgrounds. Mentoring in the Institutes provides students with guidance, counseling, friendship, re-enforcement, and constructive role models. Mentoring goes beyond teaching to help students progress in their professional and personal growth. Faculties guide the students to develop their aptitude on the Teacher Ability test.

### List of Mentoring Activities B.Ed. Batch-2022-23
