Objectives of the linkage are-

- 1) Exchange the Educational know-how, Human resource development, Finance & Quality control.
- 2) Exchange disruptive innovation in the field of Education.
- 3) Conduct joint research in the area of mutual interest.
- 4) Organize meetings/seminars/workshops.
- 5) Collaboration for solving problems.
- 6) Educational visits and Teacher's training to the students of both the institutes.
- 7) Making opportunities available for job placement for the students of both the institutes.

Over the past five years, the Institute of Learning and Teaching (ILT) has actively pursued a strategy of collaboration and linkages with various schools and institutions, fostering a dynamic environment for academic exchange and research initiatives. The ILT has established a significant number of linkages, exemplifying its commitment to enhancing educational experiences for both faculty and students. Notably, the institute has facilitated faculty exchange programs with partner institutions, allowing educators to share expertise, pedagogical approaches, and research findings. Additionally, ILT has fostered student exchange programs, creating opportunities for cross-cultural learning and broadening students' perspectives.

As the ILT continues to strengthen its network of collaborations, it is poised to further enhance the quality of education and research outcomes, fostering a culture of excellence and continuous learning.

Linkage of Research- Over the past five years, our B.Ed college has actively fostered meaningful linkages. Through collaborative initiatives, ILT, Rajkot has engaged in meaningful research endeavors in education. These linkages have provided a practical platform for the application of theoretical knowledge, allowing students to gain valuable insights and refine their teaching skills in real-world settings. The exchange of ideas, methodologies, and best practices has created a symbiotic relationship, enriching the learning experience for aspiring educators. As a result, graduates from the B.Ed program emerge not only with a solid academic foundation but also with the practical skills and competencies necessary to excel in the dynamic field of education. Establishing a robust framework for

faculty exchange, student exchange, and collaborative research initiatives with Department of Psychology of Saurashtra University. These partnerships have significantly contributed to the development of research skills and competencies among both our faculty and students through survey and application of tools.

Linkage of student exchange- Similarly, student exchange programs have provided ILT trainees with unique opportunities to gain diverse perspectives and enrich their understanding of educational practices. Concurrently, collaborative research endeavors have flourished, fostering a culture of academic inquiry and knowledge dissemination. These linkages have not only enhanced the academic rigor within our institution but have also contributed to the broader educational community by promoting a holistic approach to teacher training and fostering a culture of continuous learning and improvement.

Linkages of Faculty Exchange-These linkages have not only enriched the academic environment of the out Institute but also contributed to the professional development of faculty members, ensuring they stay abreast of the latest advancements in the field of education. The synergy between the college and collaborative schools has resulted in a more comprehensive and globally informed approach to teacher training, ultimately benefiting the students by preparing them for the ever-evolving challenges of the education landscape. Faculty exchange programs have enabled our educators to engage in cross-cultural learning experiences, bringing back innovative teaching methodologies and pedagogical approaches.
