WHY US?

Our unique pedagogy involves various innovative teaching, teaching-learning, assessment tools and techniques used during two years of enriching experience, which ultimately is bestowed upon our teacher trainees to apply in their respective classes once they start functioning as teachers themselves.

The Degree programs prepare teacher trainees for real classroom teaching and offers opportunities for practical, hands-on experience and extended internship. Take advantage of this experience to gain practical skills, employers are looking for and open various avenues to career opportunities.

Academics at Institute of Language Teaching keeps pace with workplace demands and ensures that students are 'work ready' and in touch with what is expected by the Generation-Z and Generation-alpha Learners.

WHAT WE OFFER?
