02 From the Principal's Desk

A welcome to the teaching profession

Dr. Nidatt P. Barot

Principal, Institute of Language Teaching

“Education prepares individuals not only to earn a living, but to live with values, responsibility and purpose.”

At ILT, teacher preparation is understood as a responsibility to society. Our faculty works to develop knowledgeable, creative and reflective educators who can respond to the changing needs of learners and classrooms.

Trainees are introduced to blended, cooperative and collaborative learning, team teaching, educational technology, language development and practical school experience. Alongside academic preparation, the college emphasises humility, dedication, professional ethics and the ability to nurture each learner.

I welcome aspiring educators to ILT - an institute committed to preparing responsible and honourable teachers for the future.

“Become the teacher your future students will remember.”

03 About ILT

A focused institution for English language teacher education

Institute of Language Teaching (ILT), Rajkot, is an English-medium B.Ed. college focused on preparing educators for contemporary schools. The institution is affiliated to Saurashtra University, operates as an autonomous college, and is accredited with NAAC Grade B++.

B++

NAAC accreditation

2 Years

B.Ed. programme

English

Medium of teacher education

A

Institutional Identity

- Grant-in-aid teacher education college
- B.Ed. degree awarded through Saurashtra University
- English language teaching as a distinctive academic focus
- Skill-based add-on and value-added learning

B

Educational Heritage

ILT is managed by the Saurashtra High School Trust, whose educational tradition extends for more than 125 years. The trust emphasises academic excellence, leadership, ethics, innovation and community engagement.

Core promise: rigorous teacher preparation with language, technology, values and field practice.

04 Why Choose ILT?

Six reasons that shape the student experience

01

English Focus

Teacher education supported by English enrichment and language-focused learning.

02

Practical Training

School-based practice, internship, lesson planning and professional competency development.

03

Digital Readiness

Google Classrooms, e-learning resources, ICT training and useful AI tools for future educators.

04

Quality Framework

NAAC B++ accreditation, IQAC processes and transparent public disclosures.

05

Career Preparation

Finishing School, competitive exam support and placement activities with local schools.

06

Holistic Development

Leadership, teamwork, wellbeing, ethics, culture, sports and community outreach.

A professional degree experience built around knowledge, skill, values and classroom competence.

05 B.Ed. - English Language Teaching

Programme overview and academic journey

A two-year professional teacher-education programme following the syllabus and curriculum recommended by Saurashtra University.

FIELD PRACTICE

Eligibility for 2026-27 is shown on Page 14.

06 Vision, Mission & Graduate Profile

The qualities ILT aims to develop

VISION

Nurturing a learning environment that fosters critical reflection, collaboration and continuous professional development for shaping the future.

MISSION

To cultivate a dynamic learning environment that empowers educators with the knowledge, skills and values necessary for sustainable development through education; to encourage critical reflection, collaboration and continuous professional growth; and to prepare compassionate leaders committed to nurturing minds and advancing education.

ILT GRADUATE PROFILE

01

Reflective

Analyses practice and learns continuously.

02

Competent

Plans, teaches and assesses effectively.

03

Collaborative

Works with learners, peers and institutions.

04

Inclusive

Responds to diverse learner needs.

05

Ethical

Acts with integrity, respect and responsibility.

06

Future-ready

Uses technology and innovation purposefully.

07 How You Learn at ILT

From academic concepts to real classrooms

1

UNDERSTAND

Educational foundations, learner psychology, curriculum, inclusion and assessment.

2

PRACTISE

Micro-teaching, lesson planning, teaching-learning materials and classroom simulations.

3

APPLY

School-based practice teaching, internship, observation and supervised engagement.

4

REFLECT

Portfolio, feedback, action research and professional self-improvement.

Teaching approaches highlighted by ILT include blended learning, cooperative learning, collaborative learning and team teaching.

08 Technology-Based Education

Digital systems that support learning and teaching

01

GOOGLE CLASSROOM

Semester-wise digital classrooms for course resources, assignments and communication.

02

E-LEARNING RESOURCES

Question banks, learning material, MCQs and online resources through the student portal.

03

VIDEO & E-CONTENT

Educational videos, trainee presentations and digital teaching-learning material.

04

ONLINE EVALUATION

Technology-supported tests, feedback and structured assessment activities.

05

AI TOOLS FOR EDUCATORS

A dedicated learning area for useful AI tools and innovation-club activities.

06

DIGITAL PROFESSIONALISM

ICT, MS Office, Google utility tools, QR codes, digital platforms and cyber awareness.

Technology is treated as a teaching tool - not as a substitute for sound pedagogy.

09 Beyond the University Curriculum

Value-added and add-on learning

VALUE-ADDED COURSES LISTED FOR 2025

01 **Gandhian Philosophy**

02 **Constitutional Values & Fundamental Duties**

03 **Research Methodology**

04 **Understanding NEP 2020**

05 **Digital Reading Skills**

06 **A Journey of Self Discovery**

07 **Yoga and Health**

08 **Finishing School**

ADD-ON SKILL AREAS

 Innovative Thinking

 Leadership

 Team Building

 Time Management

 Introduction to ICT

 Digital Literacy

 MS Office Essentials

 Basics of Cyber Security

These courses complement professional knowledge with communication, digital competence, wellbeing and employability.
